

Christopher Walker Presents an Innerwealth Program

## Business Development

A Highly Conscious Program for Business People. We invite entrepreneurs, companies and individuals to attend this highly aware program. The most successful change agents we have encountered are moved by an expansive vision. They are fascinated by life and driven to experience it fully. They respond well to change although they do not necessarily like it. They think clearly when information is uncertain and structures of belief are impaired. They see connections between a fast moving world and their organization and they have open and receptive state of mind that is not paralyzed by information they had not expected. They have mastered the art of working with people and are able to communicate honestly, pursue compelling vision and engage with integrity.

### **SUCCESSFUL PEOPLE**

**Draw no sharp distinction  
Between their work and their play,  
Their labor and their leisure,  
Their mind and their body  
Their education and their recreation.  
They hardly know which is which.  
They simple pursue their vision  
Of excellence  
Through whatever  
They are doing and leaves  
Others to determine  
Whether they are working or playing.  
To themselves, it always seems to be  
That they are doing both.**
