**Where the spirit does not work with the hand there is no art.**

– *Leonardo Da Vinci*

# Innerwealth - Health, Wealth and Consciousness

**Your life purpose is your path. Your awareness of the divine and innate calling within you is a major step in achieving harmony. Your evolution is maximized when you are on this path. This is a place of true destiny and clarity. When you follow your heart you are following this path. It is the straight path, straight through the heart of opinion. You are on track, on purpose, when you follow this destiny, this challenge. When you do what you love and love what you do, you are on track.**

*– Christopher Walker.*

The clearer your primary purpose the more you will live and fulfill it. Like the whole, which is greater than the sum of the parts, your statement of purpose represents the whole or primary fundamental decision in your present life. Once this master purpose is acknowledged or set, all other choices and objectives can be more effectively made. All further choices stem from your primary choice. If your primary choice is based on your loves, then all further choices will follow.

- **Create your own inspired life purpose statement**
- **Create a personal Business vision**
- **Create your life mission**
- **Create your life goals**
- **Plan your goals for the next 5 years**
- **Plan your goals for the next 12 months**
- **Plan your normal month in advance**
- **Create a daily to do list**
- **Develop the habits of success**

## **InnerWealth – absolutely magnetic**

**Be in the moment, and When the mind is balanced The body is balanced. Add gratitude and an Open Heart, Then there is no competition. Innerwealth is the most profound and simple distillation of the concepts of human consciousness available. Profound because it has been the search of so many over the centuries and simple because it is steeped in five basic principles –all of which are reflected in nature.**

## A commitment

Your purpose without a commitment will be but a mere flash of your imagination and will be void of clarity and inspiration. So have commitment to and constancy of purpose. Be unwavering. Stay on purpose. Perceptions of being on purpose lead to actions which lead to rewards. Purpose leads to procedures, leads to results. Grab a hold of and stay with your life's big picture. Discipline yourself. The pain of regret outweighs the pain of discipline. The secret of fulfillment and success is constancy of purpose.

**Every one has been made for some particular work and  
the desire for that work has been put in every heart**

– *Rumi*

The clearer your primary purpose the more you will live and fulfill it. Once this master purpose is acknowledged or set, all other choices and objectives can be more effectively made. All further choices stem from your primary choice. If your primary choice is based on your loves, then all further choices will follow. Without a clear fundamental choice all other derivative choices become more illusive and difficult.

## The Spiritual Aspect

When you are inspired by some greater purpose, some extraordinary project, all your thoughts break their bonds, your mind transcends limitations, your consciousness expands in every direction, and you find yourself in a new great, and wonderful world. Dormant forces, faculties and talents become alive and you discover yourself to be a greater person by far than you ever dreamed yourself to be.

– *Pattanjali*.
